

Contraction Review

with “not”

Examples with “not”

The apostrophe takes place of any letter or letters to make the words shorter.

was not = wasn't

is not = isn't

are not = aren't

were not = weren't

do not = don't

would not = wouldn't

a tricky one: will not = won't

Can you think of some examples?

Try it out...

- 1) did not
- 2) are not
- 3) will not
- 4) cannot
- 5) should not
- 6) do not
- 7) does not (It's not a "dose" for goodness sake!)

A comic panel with a yellow border. On the left, a girl with short brown hair, wearing a green tank top with a white daisy and a purple backpack, looks surprised. On the right, a girl with short black hair, glasses, a red hair tie, and a pink t-shirt with a white cat, wearing a red backpack, looks calm. They are in a green field with a tree trunk on the right. Two speech bubbles are above them.

I just **won't** go.
I'll stay home.

I **wouldn't** do that if it
were you. **We're** going
to a movie after.
